Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

On the basis of previous graduate coursework, students can petition to waive specific clinical program requirements, providing a rationale for the waiver along with relevant course syllabi and transcripts. Such waivers must be approved by the student's academic advisor, the HSP program director, and the faculty member who teaches the course in question (or by the DCT for courses that are not regularly taught by core program faculty). Depending on how many classes are waived students can expect to require less time to complete the program, or engage in additional courses of interest. Additional details can be found in our Program Handbook that is available within the HSP section of our website: <http://psychology.umbc.edu/hsp/>

Year is academic ex Fall 2016, Spring and Summer 2017
